Notes:

Within the UAE, any condition developing into a medical emergency will be covered up to USD 41,000 - where the policy benefit limit exceeds USD 41,000, the higher limit applies. Emergency is defined as a situation that calls for immediate medical intervention by a health services provider for the rescuing of a person's life or the elimination of danger threatening that person's life

1. The cost of accommodation of a person accompanying an in-patient in the same room in cases of medical necessity at the recommendation of the treating doctor and after the prior approval of the insurance company providing coverage.
2. On the Dubai Basic Module all care provided by PHC obstetrician for low risk or specialist obstetrician for high risk referrals. On all Plans initial investigations to include: FBC and Platelets; Blood group, Rhesus status and antibodies; VDRL; MSU & urinalysis; Rubella serology; HIV; Hep C offered to high risk patients; GTT if high risk; FBS , random s or A1c for all due to high prevalence of diabetes in UAE. Visits to include reviews, checks and tests in accordance with DHA Antenatal Care Protocols. 3 ante-natal ultrasound scans. Where a plan co-pay is selected a maximum of 10% will apply to this benefit
3. On the Dubai Basic Module cover is restricted to: BCG, Hepatitis B and neo-natal screening tests (Phenylketonuria (PKU), Congenital Hypothyroidism, sickle cell screening, congenital adrenal hyperplasia). Plan co-pay does not apply to this benefit.
4. Essential vaccinations and inoculations as stipulated in the DHA's policies are covered under this benefit. Plan co-pay does not apply to essential vaccinations and inoculations.
5. Preventative services covers one diabetes test every three years for members aged 30 and over. Annual Diabetes tests are available to members aged 18 and over, if they are deemed as high risk. Plan co-pay does not apply to this benefit.
6. Diagnostic and treatment services for dental and gum treatments, Hearing and vision aids, and vision correction by surgeries and laser are covered under this benefit in the event of a medical emergency following an accident. Emergency has been defined as a situation that calls for immediate medical intervention by a health services provider for the rescuing of a person's life or the elimination of danger threatening that person's life.
7. Diagnostic and treatment services for Hepatitis B and C shall be covered as per the Policy Terms, Conditions and Guidelines of the program defined by DHA.
8. Screening for breast/cervical/colorectal cancer or Hepatitis B and C is covered within the network offered for high-risk cases as defined in the guidelines approved by the DHA and subject to a written preapproval. Cancer treatments covered as per the Policy Terms, Conditions and Guidelines of the program defined by DHA. The above would apply for existing residents and new residents in Dubai who were not diagnosed with breast/cervical/colorectal cancer or Hepatitis B and C before entering the country. Members are eligible to enrol in the support program only after 1st year of residence (cancer) or after 1st visa renewal (Hepatitis B and C). Enrolment into the Patient Support Program upon confirmation of diagnosis would entitle members to discounted rates at Centers of Excellence. Should any of these conditions / symptoms of these conditions exist before the date of the application and the insured failed intentionally to declare it thereby not giving the Insurer a chance to assess the risk appropriately, the treatment shall be excluded from coverage.

Choices Option 2: Out-Patient Treatment (1 of the 2 options must be selected)

The benefit limit increases depending on which level of cover is selected.

	Extended Out-Patient	Advanced Out-Patient
